VII. INTERNAL CONTROLS

The Fire Chief shall establish a system of internal controls, documented in writing, which is designed to prevent losses of public funds arising from fraud, employee error, and misrepresentation by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the Swartz Creek Area Fire Board including, but not limited to, the opening and review of bank statements, checks written, and funds collected. All securities purchased by the Swartz Creek Area Fire Authority under this section shall be properly designated as an asset of the Board and held in safekeeping by a third party custodial bank or other third party custodial institution, chartered by the United States government or the State of Michigan, and no withdrawal of such securities, in whole or in part, shall be made from safekeeping except by the Fire Chief as authorized herein, at the direction of the Swartz Creek Area Fire Authority. Internal controls will also encompass at a minimum the additional issues:

Separation of functions including transaction authority from accounting and record-keeping, delegation of authority to subordinate staff members written confirmation of telephone transactions, specific guidelines regarding securities losses and remedial action, documentation of decisions made by the Swartz Creek Area Fire Authority and avoidance of physical delivery securities. Further all confirming written transactions shall be signed by the Fire Chief and the Board Treasurer or in his/her absence the Board Chairman.
